Calling All Teachers!

Attend a one-week professional development workshop this summer – at no cost to you!

ASM MATERIALS CAMP® 2016

University of Delaware
Newark, DE
July 11-15, 2016

Who should attend?

- High school general science, chemistry, physics, math and technology teachers
- Middle school physical science teachers

Why attend?

- Learn how to engage your students using simple, low-cost experiments that you can integrate into your existing lesson plans
- Help your students discover career opportunities in science and engineering

"The camp was awesome! I definitely will be bringing these labs and content back to my district and will incorporate this into my classroom." Bonnie Wilson, Brandywine High School, Delaware Teachers Camp 2014

"I will be speaking of this class to the rest of my school's science department. The abundance of information, the plethora of demo/labs, the state of the art facilities, the multitude of guest speakers, and all the wonderful stuff makes this a "must attend" camp in my book." Christopher Johnson, North East High School, Delaware Teachers Camp 2014

Everything is FREE: 4 CEUs, materials, lunches & snacks

Graduate credits available! Two (2) graduate credits available (at participant's expense) through the University of Missouri-Kansas City at $250. (This is optional.)

How to apply:

- Click on link: **https://www.surveymonkey.com/r/GJP227L** and select Newark DE, or visit http://www.asminternational.org/foundation/teachers/teacher-material-camps/schedule
